

SPORTS CENTRE CLOSURE

Following the Prime Minister's announcement this evening (20th March 2020) , we are sorry to inform you the Sports Centre will close until further notice.

We will be in touch very soon to let you know how we will help you to stay fit over the coming weeks. Amongst many other initiatives next week we hope to launch an equipment loan scheme and online classes with your favourite Uplands Sports Centre instructors

Uplands Sports Centre is a not-for-profit village facility, all surpluses are reinvested back into health and fitness for our local community and we are reliant on the payments you make to us to maintain our facilities. The potential loss of income represents a risk to the service and the community in the long term. We ask customers to consider continuing with their membership subscription during this period regardless of your ability to attend or not so we may continue to operate our Sports Centre well into the future.

However we are fully aware in these unprecedented and challenging times that this will not be possible for everyone. If you do require your membership to be frozen please email us on:

info@uplandsc.com

Keep safe out there and we hope to see you all again very soon.

Best wishes – Uplands Sports Centre Team
